Subject: Sale of the Civitan Building at 504 Carroll St. and 445 N. Roosevelt Austin Avenue

Prepared by: Cassi Zimmerman, Planning and Economic Development

Manager's Recommendation:

I recommend approval of the selling of the property commonly known as the former Civitan Building at 504 Carroll Street and 445 N. Roosevelt Austin Avenue through the standard bid process.

Justification:

The Civitan was owned by the City of Saginaw from 1975 through 2018. It was opened for recreational activities until 2003 when the building was closed due to budget cuts. In 2005, Saginaw leaders leased the building to a church, Faith Life Center, which reopened the facility to youth sports for two years. First Ward then used the building for organized activities. Various activities kept the recreation center alive until the early 2010s, including an annual food and supplies giveaway by LaMarr Woodley provided for Saginaw families around the Thanksgiving holiday. The city sold the facility in 2018 to the LaMarr Woodley Foundation. Officials announced plans to reopen the property as a community center, but that initiative fell through, and it was sold back to the City in 2020.

The property is vacant. However, STARS is currently under an agreement with the City to utilize the parking lot on the property with an indefinite term.

As the property has not been identified as a strategic parcel in the City's revitalization and development plans, staff would like to sell the property through the standard bid process. The city has received interest in the property from multiple developers. The bid process will allow the city to market the property and require all interested parties to submit a sealed bid proposal. All proposals will be evaluated to determine the highest and best proposed use for the property.

Council Action:

Motion to approve the recommendation of the City Manager.

From: Timothy Morales, City Manager
Subject: VSTracking Software Service Subscription Renewal
Prepared by: Brian Rowell, Community Public Safety – Police

Manager's Recommendation:

I recommend the approval of the purchase with Online Web Services US, Inc. for \$6,250 for a five-year software subscription renewal for the Police Department, Victim Services Unit.

Justification:

The Saginaw Police Department (SPD) has been utilizing the Victim Service Tracking software service (VST) since the inception of the Victim Services Unit (VSU) in 2017. It is crucial to the Victim Services Unit's operations. VST is a secure, confidential, and efficient victim database repository utilized by SPD Victim Advocates (VA). All victim demographic information, case notes, detailed interactions with VAs, services provided, and follow-up requests are recorded in VST.

The federal grants that fund the VA positions require detailed and specific reports quarterly and semiannually. VST meets these grant reporting needs and was highly recommended by several federal agencies when the SPD began implementing the VSU. It is the most widely used program across the United States by agencies with similar statistics and needs as the SPD.

This vendor meets all requirements of §14.33, "Vendors," of "Purchasing, Contracting, and Selling Procedure," of Chapter 14, "Finance and Purchasing," of Title I, "Administrative Code," of the Saginaw Code of Ordinances, O-204.

Subject: Ratification of Emergency Purchase–AEC Scavenger Sewer Pumps
Prepared by: Jay Gustin, Public Services Department

Manager's Recommendation:

I recommend ratification of an emergency purchase with USA Bluebook for \$5,047.90 for two replacement sewer pumps used at the Andersen Enrichment Center, for the Public Services Department, Facilities Division.

Justification:

On January 17, 2023, the City received a quote from USA Bluebook, a City approved vendor, for two replacement Scavenger sewer pumps. Earlier in January, the Facilities Division was notified that the sewer system at the Andersen Enrichment Center was not functioning properly. Upon investigation, it was determined the pumps used for the sanitary force main to drain the sewer from the facility were no longer working. To keep the building's sewer system draining, City staff was pumping out the sewer every day to keep it from backing up into the building, causing extensive damage and additional expenses. The two replacement Scavenger sewer pumps needed to be ordered immediately. The Facilities and Waste Water Treatment Divisions are responsible for maintaining the pumps and ensuring the system is operating properly.

This vendor meets all requirements of §14.33, "Vendors," of "Purchasing, Contracting, and Selling Procedure," of Chapter 14, "Finance and Purchasing," of Title I, "Administrative Code," of the Saginaw Code of Ordinances, O-204.

Manager's Recommendation:

I recommend the adoption of the resolution approving the 2020 Homeland Security Program Subrecipient Funding Agreement for the Fire and Police Departments.
