**Subject:** Purchase Order Increase – Mixing Zone Demonstration Study  
**Prepared By:** John Frollo, Superintendent of Wastewater Treatment

## **Manager's Recommendation:**

Approve to increase purchase order no. 521535 with Spicer Group by \$131,500, for a new total of \$146,950, for the Mixing Zone Demonstration Study for the Water and Wastewater Treatment Services Department, Remote Facilities Division.

## **Justification:**

The Wastewater Treatment Plant and the Retention Treatment Basins are required by EGLE to complete a plume study to finalize certification of the RTBs. This study evaluates the effect of chlorine discharged from the RTBs and its potential impact on fish populations in the Saginaw River.

A plume study was completed by plant staff in the past, but it was not accepted by EGLE. Spicer has assisted the City with revising the previous plume study plan that was rejected by EGLE. This experience with Spicer has proven that they possess the expertise, reliability, and cost-effectiveness necessary to support this effort. Their involvement will provide the essential “second set of eyes” needed to organize the study, refine the approach, and guide the process to completion in a manner that meets EGLE’s expectations.

Engaging Spicer will help ensure that the plume study is completed accurately, efficiently, and in compliance with regulatory requirements, allowing the City to move forward with the long-overdue RTB certification process.

This vendor meets all requirements of §14.33, "Vendors," of "Purchasing, Contracting, and Selling Procedure," of Chapter 14, "Finance and Purchasing," of Title I, "Administrative Code," of the Saginaw Code of Ordinances, O-204.

**Subject:** Storm Pump Motor Controller  
**Prepared By:** John Frollo, Superintendent of Wastewater Treatment

**Manager's Recommendation:**

Approve the purchase with L & S Electric for \$8,904 for a Storm Pump Motor Controller for the Water and Wastewater Treatment Services Department, Remote Facilities Division.

**Justification:**

The Webber Retention Treatment Basin (RTB) depends on its storm pumps to manage high flows during heavy rain events, and each pump's motor controller is critical to ensuring those pumps start and operate when required. One of the existing motor controllers is offline. Replacing the failed controller is necessary to restore the station's intended level of reliability and redundancy.

Maintaining dependable RTB performance is also essential for meeting NPDES requirements and preventing potential overflows. This replacement directly supports system reliability and protects both public infrastructure and the environment. Following is a list of qualified bids received:

**Subject:** Petition to Rename Weadock Park to Weadock-Rooker Park

**Prepared by:** Christina McEmber, Urban Planner

**Manager’s Recommendation:**

I recommend the introduction of an ordinance to amend §99.10 “Use of City-Owned Regional Parks, Community Parks and Neighborhood Parks” of Chapter 99, “Special Events Regulations,” of Title IX, “General Regulations,” of the City of Saginaw Code of Ordinances, O-204 and the official city map by renaming Weadock Park to Weadock-Rooker Park from WEADOCK PARK, BLK. 43, GLASBY, GALLAGHER AND LITTLES ADDITION.

**Justification:**

A petition has been received from the Kevin Mark Rooker Historical Preservation Society to rename Weadock Park to Kevin Mark Rooker Park. The renaming intends to recognize the life, contributions, and accomplishments of Kevin Mark Rooker.

Per §152.056 of the Saginaw Code of Ordinances, the City Planning Commission shall consider the request and hold a public hearing upon receipt of a petition to rename a park. The Planning Commission must then forward its recommendation to the City Council for final approval. The public hearing was noticed on March 6, 2026 to be held at the Planning Commission’s March 24, 2026 regular meeting. Applicants stated their intention is to recognize both historical and modern day figures who have had a positive impact on the city. They described how Mr. Rooker was a devote historian, preservationist, educator, and environmental steward. The applicants explained a plaque for Mr. Rooker would be added to the Weadock Park sign. Commissioners asked if the Kevin Mark Rooker Historical Preservation Society would support a hyphenated name and the representatives stated they would.

The Planning Commission approved a motion to recommend City Council approve the park renaming with the following condition:

- Weadock Park be renamed to Weadock-Rooker Park instead of the Kevin Mark Rooker Park.

The petitioners will be responsible for all costs involved in renaming Weadock Park. The public hearing notice totaled \$125.24. There may also be costs involved for labor, equipment, materials, and changing maps, which have yet to be calculated.

**Council Action:**

This Council Communication is for explanation purposes of the ordinance to be introduced and enacted according to the City Chapter, Section 22, titled "Ordinances."
